May 14, 2020

Dear Parents/Guardians:

We are now in mid-May and looking to finish the school year (June 12). This has certainly not been the ending we were hoping for to close out our 2019-2020 school year. It is however the situation we find ourselves in and I would like to thank you for your continued support of our students, staff and school. I am extremely thankful for our community and our students are lucky to live in such a supportive and nurturing environment.

As a school we continue to receive guidance and direction from OSPI and the Dept of Health and will continue to follow their direction. We recognize that remote learning is not ideal and thank you for your continued work with your students, I recognize that it is not an easy task juggling your daily schedules. Please be in contact with your students teacher(s) and check emails regularly. It is easy to get overwhelmed in this learning model, the teachers are there to help and provide support. We are available for phone and classroom meet meetings.

As a reminder, students in the High School receiving an “incomplete” will have the opportunity to make up work in a support class offered next fall. This may however impact their ability to take elective courses and their ability to do work study, TA and/or graduate. These are courses offered to make up incomplete work If you have questions about your student’s credit status and potential conflicts in scheduling please contact myself or Mrs. Mylett. Freshman, Sophomore’s, and Juniors still need to complete all of their courses for this year and meet the 30 credit requirement for graduation, requirements have not been waived.

We will be sending additional information out in the upcoming weeks outlining collection of chromebooks and other materials. The last day for work submission is June 12th unless other arrangements have been made with your teacher(s). We are still waiting for information regarding the fall and will provide class schedules and information as soon as we are given guidance.

Thank you for your continued work and support during this time. We look forward to having all of you back at school soon! Go Vikings!!!

Sincerely,

Mike Jones
Principal
